

Interviewed by New Straits Times Malaysia: Article on Make Money Online by Izwan Ismail

Finally I got my big break by getting interviewed by one of the most reputable newspaper in Malaysia – New Straits Times. It's an honor and I appreciate the effort that Izwan took to get this article published in the newspaper's Tech&U section (page 4).

Although the content was not what I have anticipated, nevertheless it was well written by Izwan.

You can read my article by clicking on the image below (I'm featured in the column below Gobala Krishnan's):
